

carry a cup campaign 2018

At Norvic we really care about the environment and we try to limit our waste production at every opportunity.

For this reason we don't provide individually wrapped biscuits, teabags, coffee or milk.

In 2018 we hope to dramatically reduce the number of disposable cups we use so we're asking all delegates to **carry a cup** if you would like to and can.

Of course, we will still provide disposable cups wherever preferred.
