

New Care Home Standards - Our Three Day Induction Course

Day One AM: First aid awareness/refresher
PM: Food safety awareness

Day Two AM: Health and Safety legislation
PM: Safeguarding vulnerable adults
(SOVA)

Day Three Moving and handling
(order of days will vary)

The above vital/mandatory training for the care sector will also include material that covers the new standards.

- Standard one: Role of the health and social worker
- Standard two: Personal development
- Standard three: Communicate effectively
- Standard four: Equality and inclusion
- Standard five: Principles of implementing duty of care
- Standard six: Principles of safeguarding in health and social care
- Standard seven: person-centred support
- Standard eight: Health and safety in an adult social care setting.

The certificate we issue reflects both the practical mandatory training and a strong awareness of all eight standards.
