

# Surgery, Health Centre & Medical Practice Training Packages

A series of sessions designed to fit with the busy schedule of doctor's or dentist's practice

Basic Life Support & Anaphylaxis Awareness refresher (2 hours)

Basic Life Support & Advisory External Defibrillation refresher (2 hours)

Basic Life Support & Emergency Equipment (Crash trolley/bag) (2 hours)

Advisory External Defibrillation & Emergency Equipment (2 hours)

The above refresher sessions are based on a maximum of 12 delegates who have received this training before - they are not suitable for initial training

Advisory External Defibrillation Induction - delegates must have refreshed Basic Life Support within the last six months (max six delegates) (2 hours)

Safeguarding of Vulnerable Adults (SoVA) (2 hours)

Introduction to the Principles of Infection Control (2 hours)

Equality & Diversity Awareness (2 hours)

It is also possible to put together blocks of training to make cost-effective use of your colleagues' time - call us to discuss your specific needs.
